THANKSGIVING STAIN RESCUE

Put down the hot water.

The 3 stains we see most after Thanksgiving, and how to stop them from becoming permanent.

RED WINE

Blot. Cold water. Dish soap.

Blot from the outside in. Never rub.
Rinse from the back with cold water.
Work in a drop of dish soap and repeat.

GRAVY AND BUTTER

Grease needs soap.

Scrape off the excess with a spoon.
Work in dish soap and let it sit 10 minutes.
Then wash as the care label allows.

CANDLE WAX

Harden it. Lift it. Iron it.

Harden it with an ice cube in a bag.
Lift it off gently with a dull knife.
Paper towel on top, warm iron over it.
